DETAILED ACTION

Applicant's amendment filed 1/16/2007 has been entered.

Allowable Subject Matter

Claims 1-9, 11-21 are allowed.

The following is an examiner's statement of reasons for allowance:

As discussed in prior office actions, an optical waveguide directional coupler having first and second waveguides for mode coupling and further having dummy waveguide, is known in the art. However, none of the prior art fairly teaches or suggests such optical waveguide element having directional coupler, wherein the signal progressing from the second waveguide to the second dummy waveguide attenuate while sequentially passing through the first dummy waveguide, the reflector and the second dummy waveguide, as claimed in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sung H. Pak whose telephone number is (571) 272-2353. The examiner can normally be reached on Monday- Friday, 9AM-5PM.
